

Stacking That Paper

Anna Wise

I see how it must be
Was blind to you before
Tell me who you wanna be
I'll be singing it on and on

No one tells the woman we go through the fiery flames to come o
ut stronger
A girl has got to try twice as hard for half as much and still
you hate her

That's why I'm stacking that paper
I am stacking that paper
I am stacking that paper
I am stacking that paper
(Stacking that paper)

I see how it must be
Was blind to you before
Don't tell me I sound obscene
I'm evening the score

No one tells the woman we go through the fiery flames to come o
ut flexible
A girl has got to try twice as hard and still it's you who says
you made her

That's why I'm stacking that paper
I am stacking that paper
I am stacking that paper
I am stacking that paper
(Stacking that paper)

Stacking that paper

That's why I'm stacking that paper
I am stacking that paper
I am stacking that paper
I am stacking that paper
(Stacking that paper)
