Anna Wise

On me, couldn't I see?
What if it is there in your face under the lines sodder that bi
nds
Call it I may sit at a table in a swing may meddle in the fates
sun in a pie
"I will love and leave you dearly"
I couldn't see what isn't me a human being sit on a knee ceremo
ny lededodi
One of these days I'll amaze
And I'll lay down in a secret little place you'll never find
Will I ever see you clearly?
Will I ever see you clearly?
Will I ever see you clearly?
