

Nothing Going On

Anne Clark

Ain't nothing going on
But the rain in the night
Ain't nothing going on
But the rain

The sound of the clouds
In the air passing by
The sound of the rain
In the sky

The sound of the clouds
In the air passing by
The sound of the rain
In the sky

Ain't nothing going on
But the rain in the night
Ain't nothing going on
But the rain

(sound of the clouds)
(in the air)
(passing by)

Ain't nothing going on
But the rain in the night
Ain't nothing going on
But the rain

Nothing going on
Ain't nothing going on
Nothing going on
But the clouds passing by
