

Better Not Together

Anne-Marie

[Verse 1]

I know I was playing with fire
From the day that I met you
Memories are playin' in my mind
Make it hard to forget you

[Pre-Chorus]

Reason to run, reason to stay
Just one more night, it will be okay
Used to be fun, now everything's changed
Don't know how much more we can take
Here we go again

[Chorus]

No, I don't wanna fight
Don't wanna say goodbye
When will we realize we're better not together?
Been here a thousand times
Least we can say we tried
When will we realize we're better not together?

[Post-Chorus]

'Cause neither of us wanna be alone
We're losing grip, but we can't let go
I don't wanna fight, it's time to say goodbye
We need to realize we're better not together

[Verse 2]

Loved me like the heat of the sun
Now your vibe's getting colder
Screaming at the top of my lungs
And then I'm pulling you closer

[Pre-Chorus]

Reason to run, reason to stay
Just one more night, it will be okay
Used to be fun, now everything's changed
Don't know how much more we can take
Here we go again

[Chorus]

No, I don't wanna fight
Don't wanna say goodbye
When will we realize we're better not together?
Been here a thousand times
Least we can say we tried
When will we realize we're better not together?

[Post-Chorus]

'Cause neither of us wanna be alone
We're losing grip, but we can't let go
I don't wanna fight, it's time to say goodbye
We need to realize we're better not together

[Bridge]

No, I don't wanna fight
Oh, it's time to say goodbye

Been here a thousand times
Least we can say we tried
We need to realize we're better not together

[Chorus]

No, I don't wanna fight (I don't wanna fight)
Don't wanna say goodbye (Say goodbye)
When will we realize we're better not together?
Been here a thousand times (Oh-oh-oh-oh)
Least we can say we tried
When will we realize (Yeah) we're better not together? (No)

[Post-Chorus]

'Cause neither of us wanna be alone
We're losing grip, but we can't let go
I don't wanna fight, it's time to say goodbye
We need to realize we're better not together

[Outro]

We're better not together
