

## Problems

Anne-Marie

I think bein' in love with you is bad for my health  
But I can't see me doin' this with no one else  
So, guess I can't be blamin' anyone but myself, hey, ayy  
Yeah, I know today I called you like a hundred times  
But yesterday you called me like a hundred and five  
And there's nobody else that I want by my side, hey, ayy

Yeah, I know by day, still have a great time  
Drunk up our face listenin' to "Red Red Wine"  
We'll be okay, we'll laugh and we'll cry  
On rainy days, you're still my sunshine

We got problems  
But I need you  
So we deal with it  
Haha, ah  
Don't trust both of us  
But I want to  
So let's deal with it, yeah

Never been that person who believes in love  
First time I met you I let it fuck me up  
And lately, I been thinkin' 'bout a ring and stuff, hey, heh, ayy

Now, I never wanted someone else's name  
But this shit really got me runnin', goin' insane  
Think that's really crazy how you feel the same, hey, yeah

Yeah, we got problems  
But I need you  
So we deal with it  
Yeah (Oh-oh)  
Don't trust both of us  
But I want to  
So let's deal with it, yeah, yeah, yeah

'Cause I love you  
And I need you  
Yeah, I want you  
So guess I'll deal with it

We got problems  
But I need you  
So we deal with it  
Haha
