

Christmas Wishes

Anne Murray

If I had my way this Christmas
If all I would wish could be
Of all the great wishes
In a wonderful world
I'd only ask for three

And if I could have three-ee wishes
And if my first wish came true
There'd be peace on earth
Good will among men
And love in all that we-ee do

Can you imagine a world like that
What a wonderful world it would be
And then I would wish
It could go on forever
For people like you and me

If I had my way this Christmas
And if the two others came true
My third wish would be
For now and forever
To share all my wishes with you

My third wish would be
For now and forever
To share all my-y wishes wi-ith you
