

## Easy Love

Anne Murray

I have loved you for a long, long time  
Can't believe it now  
You tell me that I'm the lucky one  
That's too easy, just too easy

Easy come  
Easy go  
Easy love

I thought of all the things I'd have to be  
Through it all I never dreamed that was me  
You were looking for  
That's too easy, just too easy

Easy come  
Easy go  
Easy love

Who was it said  
Anything worth having  
Is always hard to get  
Hard to hold that may be true

It may be words of wisdom  
But I may just forget  
That I've been told  
I've been told

This may not last just for our whole life through  
So I'll make a lifetime out of each minute  
I spend with you  
It's too easy, just too easy

Easy come  
Easy go  
Easy love

Easy come  
Easy go  
Easy love
