

Robbie's Song for Jesus

Anne Murray

Wake up with no will to carry on
Mornings you're not here, but never gone
Sweet Jesus come and teach to me a song
For tomorrow we'll be dancing in the sun

Oh, Lord, it seems like such a shame
To waste our lives while never loving
But you'll find in me you've got a friend
We can a long way
Loving as we go
Loving as we grow, oh, together

I never met the morning
Till I met you
Da, da, da, da
Da, da, da, da, da, da

Wake up with no will to carry on
Mornings you're not here, but never gone
Sweet Jesus come and teach to me a song
For tomorrow we'll be dancing in the sun

Oh, Lord, it seems like such a shame
To waste our lives while never loving
So fly from stormy skies and kiss the sun
We've come a long way loving all we knew
Loving as we grow, oh, together

I never met the morning
Till I met you
You
Da, da, da, da
Da, da, da, da, da, da
