

# Slow Fall

Anne Murray

I don't know what's come over me  
I was so clear and free  
But now I've got that slow sinking feeling  
Like a bird without a wing

I'm calling up on you, I need a friend  
Why don't you see me through?  
I've got to end this slow fall

I knew all men of hope and sorrow  
I always told myself  
Tomorrow would be light, free and easy  
I don't know, I still could be right

I'm calling up on you, I need a friend  
Why don't you see me through?  
I've got to end this slow fall

Slow fall

I'm calling up on you, I'm calling up on you  
I need someone to see me through  
I'm calling up on you, I'm calling up on you  
I need someone to see me through (Calling up, calling up on you  
)  
I'm calling up on you, I'm calling up on you  
I need someone to see me through (Calling up, calling up on you  
)  
I'm calling up on you, I'm calling up on you  
I need someone to see me through (Calling up, calling up on you  
)  
I'm calling up on you, I'm calling (Up on you) up on you  
I need someone to see me through (Calling up, calling up on you  
)  
I'm calling up on you, I'm calling up on you  
I need someone to see me through (Calling up, calling up on you  
)  
I'm calling up on you, I'm calling up on you  
I need someone to see me through (Calling up, calling up...)
