I'm gonna stand
Haven't done all I can
I'm gonna hand the fight to You
I ain't afraid
Of prisons, spears and swords
I know the battle is the Lord's

My praise gonna shake these rockers
These walls gonna fall like Jericho
Stand back, watch the enemies scatter
Scatter
Hands high like the fight gon' let up
There's a victory I already know
Stand back, watch the enemies scatter
Scatter

Your word is my shield
My strength and my health
Its power can close the gates of Hell
Before I hit the front line
You've already gone before
I know that I know the battle is the Lord's

My praise gonna shake these rockers
These walls gonna fall like Jericho
Stand back, watch the enemies scatter
Scatter
Hands high like the fight gon' let up
There's a victory I already know
Stand back, watch the enemies scatter

Singin' glory, hallelujah

Singin' glory, hallelujah
Glory, hallelujah
Glory, hallelujah
My God is marchin' on
