

# Forgive Me

Anneke van Giersbergen

Silence always speaks to me.  
Kindness always answers me.  
All I see is all I believe in.  
All I believe in is all I can be.

Listen to my heart sing.  
You're by my side,  
I'll be all right.

Won't you stay around a little  
Longer, longer?  
Don't you see, with you I'm so much  
Stronger, stronger?  
Forgive, forgive me.  
Forgive, forgive me  
For loving you.

Silence always speaks to me,  
I can hear its poetry.

Listen to my heart sing.  
You're by my side,  
I'll be all right.

Won't you stay around a little  
Longer, longer?  
Don't you see, with you I'm so much  
Stronger, stronger?  
Forgive, forgive me.  
Forgive, forgive me.  
Forgive, forgive me.  
Forgive, forgive me  
For loving you.
