

# Frisco Forever

Annie DiRusso

Guess I'm gonna die alone  
In this hotel room  
Like all the greats  
I took a really hot shower

I saw your face  
I saw your face

Put on my last clean pair  
Of underwear  
The ones I hate  
I'd been asleep for an hour

When I heard your name  
I heard your name

Think I screamed your name  
Scared myself awake  
God, I hate this place

I'd do anything to get out of this place  
But if I could forget you  
Then I'd stay  
In Frisco forever  
Hey!

Some pills I can't pronounce  
3 times a day by mouth  
To help me breathe  
Too bad I threw 'em all out

So you'll think of me  
Do you ever think of me

I'm kidding I took all three  
Yeah I know it's not funny  
I've been here alone six days  
God, I hate this place

I'd do anything to get out of this place  
But if I could forget you  
Then I'd stay  
In Frisco forever  
Hey!

My mom flew down  
Finally got me out  
Of 509  
Sat in the car for 10 hours  
Then we crossed state lines  
Home in record time  
Thought I'd miss my house  
I fucked you on this couch  
Went into my room  
It still reeks of you  
Please won't end till May
