

Gone

Annie DiRusso

Places that I wanna go
Feelings that I wanna know
Dreams that I wanna see
But to get somewhere, there's somewhere else you need to lead

The best queens have never sat on their thrones
The best lives lived were never at home
And I know, oh, I know
That you know, you know, I've gotta go

I'm going gone, I'm movin' on
I'm going gone and gone and gone and gone and gone and gone and
And I'm movin' on, I'm going gone
I'm movin' on and on and on and on and on and on and on and

Only the physical things have to be hard
I'll keep all these memories with new ones afar
But I can't keep living in this cage
I've finished this chapter and now I'm turning the page

The best queens have never sat on their thrones
The best lives lived were never at home
And I know, oh, I know
That you know, you know, I've gotta go

I'm going gone, I'm movin' on
I'm going gone and gone and gone and gone and gone and gone and
And I'm movin' on, I'm going gone
I'm movin' on and on and on and on and on and on and on and

And I don't know where I'll go, I just know what I'll find
I don't know what's down your road but I know what's down mine
Oh, I don't know where I'll go, I just know what I'll find
I don't know what's down your road but I know what's down mine
I'm goin', I'm goin'
I'm goin', I'm goin'
I'm goin'

I'm going gone, I'm movin' on
I'm going gone and gone and gone and gone and gone and gone and
I'm movin' on, I'm going gone
I'm movin' on and on and on and on and on and on and on and

I'm going gone
I'm going gone and gone and gone and gone and gone and gone and
I'm movin' on
I'm movin' on and on and on and on and on and on and on and

I'm going gone, I'm movin' on
I'm going gone and gone and gone and gone and gone and gone and
I'm movin' on, I'm going gone
I'm movin' on and on and on and on and on and on and on and

I'm going gone, I'm movin' on
