Without you, yeah Come on

It took a long time But I'm back again for good It really hurt me But now I finally understood The day I left you Must be the greatest in my life I hear without you There's only peace around, no fight I tried so hard to Oh doing everything I could Manipulated Made to think I was no good In your possession Every day was a bad dream So naive then Well I was young and sixteen

Oh
He was my honey
He was my honey
Happy without no honey

Oh
He was my honey
He was my honey
Happy without you honey

Funny how things change, yeah? Yesterday would all be a lie I told you Now it's all good

I'm feeling down
It took a time
It took a time for me to heal for what
I thought was love
But I was wrong
Blinded by your flashy love
When I was weak
And you were there
Well it was obvious you did not care
About the one
No you don't bother
Well I'm happy without you, honey

Oh yeah they told me
You should be careful what you do
They only use you
For his pleasures and absurd
The love I gave you
It was the last that you deserved
Call us a nice time
To own somebody, that's absurd

Oh

He was my honey He was my honey

Happy without no honey (Happy without you honey)

Oh

He was my honey
He was my honey
Happy without you honey (Oh oh oh, Happy without you)

Oh

He was my honey
He was my honey
Happy without no honey

Happy without you
I'm happy without you, boy
