

One Wrong Move

Annihilator

Degrade your victim, getting under the skin
Intimidation, well, it's all about the win
Getting away with murder, get out of jail free
It's time to learn a lesson, welcome to custody

Here comes the consequence (the consequence)
Well, this time you can't deny
Well, there's no avoiding this sentence (no)
Well, it's time to say goodbye

One wrong move
Is all it takes
One wrong move
To seal your fate
Yeah-yeah

Narcissistic son of a bitch, nothing but a disgrace
All the hell you put them through, it's time for you to face

Here comes the consequence (the consequence)
Well, this time you can't deny
Well, there's no avoiding this sentence (no)
Well, it's time to say goodbye

One wrong move
Is all it takes
One wrong move
To seal your fate

All has been for nothing, your reputation's a joke
Your Legacy of Greatness, well, it's all gone up in smoke

Here comes the consequence
Well, this time you can't deny
Well, there's no avoiding this sentence
Well, it's time to say goodbye

One wrong move
(To seal your fate!)

One (one)
One (one)
Move (move)
Motherfucker!
