

Psycho Ward

Annihilator

He's a god and a savior
He belongs in the psycho ward
Psychopathic behavior
Send him off to the psycho ward
He's a god and a savior
He belongs in the psycho ward
Psychopathic behavior
Send him off to the psycho ward

A piece of work
You wear it well
You love your violence
Get what you want
Abuse 'em all
And keep 'em silent, ooh

Just take him
Just take him away
I know a nice little place
Where the man can stay

He's a god and a savior
He belongs in the psycho ward
Psychopathic behavior
Send him off to the psycho ward

You make a fist
You follow through
You hit her with it
Intimidate
Yell at 'em all
Into submission

Just take him
Just take him away
I know a nice little place
Where the man can stay

He's a god and a savior
He belongs in the psycho ward
Psychopathic behavior
Send him off to the psycho ward

Just take him away
To where he belongs
Just take him away
Away, yeah

A king of nothing
A fantasy
It's all a lie
Pathetic fool
Family, a tool
All alone when you die

Just take him
Just take him away

I know a nice little place
Where the man could stay

He's a god and a savior
He belongs in the psycho ward
Psychopathic behavior
Send him off to the psycho ward
He's a god and a savior
He belongs in the psycho ward
Psychopathic behavior
Send him off to the psycho ward
