

Lost

Annika Rose

Is who I am who I wanna be?
Gotta climb down from the family tree
Just keep on I just keep on
Just keep on keeping up

I know it all but I don't know what I mean
I sew it up then I pick at the seams
Just keep on I just keep on
Just keep on keeping

They say pressure makes diamonds then I'm the hope that you'll find it
It's all in timing, rewinding, can't see your blue when you're under the water

Lost
If I lose you today either way I'll still be
Lost
If I stay in this place I'm in chains I'll still be
Lost
And I'm stuck in your maze cause you want me to stay
But it's not black and white it's always grey
I'm
Lost

Tell me how turning seventeen was just like turning 33
Just keep on I just keep on, I'm barely keeping up
With all the stars in the Hollywood sky
Will you only know me after I die?
I just keep on I just keep on, just keep on keeping

They say pressure makes diamonds then I'm the hope that you'll find it
It's all in timing, rewinding, can't see your blue when you're under the water

Lost
If I lose you today either way I'll still be
Lost
If I stay in a place I'm in chains I'll still be lost
Like I'm stuck in a maze cause you want me to stay
And it's not black and white its always grey
I'm
Lost

Buried further than I can reach
Oh I
Oh I'm
Like a sunken ship in a barren sea
Oh I
Oh I'm

Lost
If I lose you today either way I'll still be
Lost
If I stay in this place I'm in chains I'll still be
Lost
And I'm stuck in your maze cause you want me to stay
But it's not black and white it's always grey

I 'm
