

I need you to, I need you to feel the same
I need you to come here and save me
Come with me I will make you feel good
Feel like you really should

I guess you're finding your feet, yeah
I guess you're finding
I guess you're finding your feet

I only have myself to blame
There is nothing I can do now to right my wrongs so I write this song
s
I was so confused, I was scared and bruised
Sometimes it's not enough and the road gets tough
Silence is your sound but I prefer the bold and loud
Silence is your sound but I prefer the bold and loud
Silence is your sound

I guess you're finding your feet, yeah
I guess you're finding
I guess you're finding your feet

I am a wishing saint
I won't resist it
I will reside
I won't resist it
I will reside

I'm so crazy, I'm sorry that I'm misbehaving
Trying to push past, but past saving
Was I always like this, adventure seeking, so restless
Silence is your sound but I prefer the bold and loud
Silence is your sound but I prefer the bold and loud
Silence is your sound

I need you to, I need you to feel the same
I need you to come here and save me
Come with me I will make you feel good
Feel like you really should

Just let go, just let go, of what you think you know
Just let go, just let go, your life will be sweet when you're finally
free
I will fly away, fly into the stars
I am a wishing saint
I won't resist it
I will reside
And that's where I become insane
