

take a moment to pick your thoughts
and make them clear
one demon for every day

some may run and some know fear
and i don't think before i speak
and i don't know how far my words will reach
yeah we will make peace with words
reaching out for a hand that we can't see
i know we will, i do believe
tell me the difference between
useful and wasted lives
tell me, don't tell me that i am not normal
don't tell me, don't tell me that
i can't compete with all this shit
you know i'll never stop
you know i will never ever give up
and i don't think before i speak
and i don't know
how far my words will reach
yeah we will make peace with words
reaching out for a hand that we can't see
tell me the difference between
useful and wasted lives
tell me, don't tell me that i am not normal
don't tell me, don't tell me that
i can't compete with all this shit
this is the beginning
of hopeful dreams
with hundreds and thousands
let us move
let us move these clouds away
let's move these clouds away
and let the sun shine through
i'm willing to stop now and listen to you
let's move these clouds away
and let the sun shine through
i'm willing to stop now and listen to you
let's move these clouds away
and let the sun shine through
i'm willing to stop now and listen to you
let's move these clouds away
and let the sun shine through
i'm willing to stop now and listen to you
