

I Don't Love You Anymore

ANO HNI

I don't love you anymore
It's been a while and I am sure
You left me for another girl
You left me in a broken world

You left me lying in the street
You left me without body heat
I curled into rust
My body turned into dust

I couldn't get out of the hole
I was so lonely, all alone
When the phone rang, I wasn't there
When my parents called, I just sat and stared

I went to sleep
Hoped that my life I could cheat
Take me off the face of this lonely world
Let me turn and turn in your love, in your love, in your love

It's been a while
And I don't love you anymore

I don't love you anymore

You walked away from me
Out of the blue and you were free
I was such a fool
I gave more to keep things cool

But if you showed up at my door
This is what I'd implore

I don't love you anymore
I don't love you anymore

You left me in a cage
My only defense was rage

I don't love you anymore
I don't love you anymore

If you showed up at my door
If you showed up at my door
If you showed up at my door
If you showed up at my door
