Marrow

ANOHNI

In the, in the countryside, under the stream
Suck the, suck the marrow out of her bones
Inject, inject, inject me with chemotherapies
Suck the, suck the money out of her face

We are, we are all Americans now

Africa, Iceland, Europe and Brazil
China, Thailand, India and Great Britain
Australia, Borneo and Nigeria

We are, we are all Americans now

Suck the, suck the oil out of her face
Burn her, burn her hair, boil her skin

We are, we are all Americans now
