

There Wasn't Enough

ANOHNI

There wasn't enough
There wasn't enough for you
Move forward in, into grey
I'm not enough
I'm not enough for you
I'm not enough

Hungry hearts for hungry hands
Grab the Earth
Take Her life
Chain Her life
Can you stand
Within, as in
You stand alone
As I stand alone
Can you love me so?

There wasn't enough for you
There wasn't enough for you
Move forward into grey
I'm not enough
I'm not enough for you
Hungry hearts, hungry hands

Turn the Earth
Take Her life
Can you stand within
Within each stance
As I stand alone
Will you love me so?
An offering like this
Won't fill your soul

There wasn't enough for you
There wasn't enough
Move forward into grey
I'm not enough
I'm not enough
Move forward into grey
There wasn't enough
There wasn't enough
Move forward into grey

Move forward into grey
There wasn't enough
There wasn't enough for you
Move forward into grey
