

## You Be Free

ANO HNI

I danced by violent times  
It was hard to live, live  
It was my-  
It was my time, time to give, give, give

Done my work  
My back was broke  
My back was a bridge for you to cross

Then I wished in the aftermath  
That the Earth would take my life

Like She took the lives of my mother  
And my sisters

Ooh, you, you be free  
You be free for me  
For me  
You  
Be free for me
