Forgiveness
Is not what I'm seekin'
I look at
For a space to breath in

I've tried
To reach into the light but I
I always come up shy
But it feels like somethings right this time
Or maybe I'm just blind

Salvation
Is not what I'm seekin
She's an Angel
Oh, the Devil is seein'

I've tried
To reach into the light but I
I always come up shy
But it feels like somethings right this time
Or maybe I'm just blind

I've tried
To reach into the light but I
I always come up shy
But it feels like somethings right this time
Or maybe I'm just blind
Just blind
Just blind
Just blind
