Anymore

Another Black Day

Revelations, from, within my restless soul
Degradation, I punished all I knew
Wake him, glorious applause
Praise him, glorious

This, is who I am
I don't need your sympathy
No, I don't need it anymore
This, is who I am
I don't need your empathy
No, I don't need it anymore

Revolution, in my tired restless mind
Persecution, is madness all I find
Wake him, glorious applause
Praise him, glorious

This, is who I am
I don't need your sympathy
No, I don't need it anymore
This, is who I am
I don't need your empathy
No, I don't need it anymore

Decimate me and I will rise
No, I don't need your sympathy
No, I don't need it anymore
Persecute me and I will rise
No, I don't need your empathy
No, I don't need it anymore
Anymore, no
No, I don't need it anymore
No, I don't need you anymore
