

# Be My Baby

Anouk

You will always be my forever, my affection for you is deep  
From the time I wake up to the time I sleep  
This could be so much better  
Till your heart belongs to me  
Yeah, every day feels incomplete  
It's hard for me to see just the good times are not that bad  
I'm trying so hard to be happy, but I don't how to stop feeling sad

Oh, oh, footsteps on the dance floor  
I can't take it anymore, I want all of you  
Pretend we're lovers, holding hands  
Dance around the ballroom, with tears in my eyes  
'Cause nothing that I do  
'Cause I don't want this unless you want me to

Be my, be my, be my, be my baby  
Be my, be my, be my, be my baby

First time that I saw your face  
Honey, that is when I knew that all of my dreams had just come true  
I didn't know what to do  
And no matter how hard I try, I just can't get you out of my mind

I want you to need me  
Like the air that you breathe in,  
Make my dream a reality,  
Somehow I never know where to begin!

Oh, oh, footsteps on the dance floor  
I can't take it anymore, I want all of you  
Pretend we're lovers, holding hands  
Dance around the ballroom, with tears in my eyes  
'Cause nothing that I do  
'Cause I don't want this unless you want me to

Be my, be my, be my, be my baby  
Be my, be my, be my, be my baby

Aah ah aah ah  
I can't take it anymore  
I want all of you  
Come on, baby, I need you  
Be my baby  
I want you to be my baby all the time  
Yeah, it is you who is always on my mind  
Someone like you is hard to find!

Footsteps on the dance floor  
I can't take it anymore, I want all of you  
Pretend we're lovers, holding hands  
Dance around the ballroom, with tears in my eyes  
'Cause nothing that I do  
'Cause I don't want this unless you want me to

Be my, be my, be my, be my baby  
(I want you to want me)  
Be my, be my, be my, be my baby

('Cause I need you, baby)  
Be my, be my, be my, be my baby  
Be my, be my, be my, be my baby
