

Everything

Anouk

Now I believe that what I used to think was a lie is really alive

Now I can see there's only one place to reach
Only one thing to preach and that's the highest
It's the strangest thing that I can feel so much

There is no reason, there is no logic to feelings
'Cause when love is the dealer I'm addicted
So fascinated, I can't stop this constant craving
You're contagious
It's the strangest thing that I can feel so much
For someone, somehow

And I cannot hide, even if I try
You mean everything to me
Any fool can see, what you've done to me
You mean everything to me
And when you're not her, I just cry
And when you're not here, I could die

The best is still to come dear
The best is still to come for us

It's the strangest thing that I can feel so much
For someone, somehow

And I cannot hide, even if I try
You mean everything to me
Any fool can see, what you've done to me
You mean everything to me
And when you're not her, I just cry
And when you're not here, I could die
