Now I believe that what I used to think was a lie is really ali ve

Now I can see there's only one place to reach Only one thing to preach and that's the highest It's the strangest thing that I can feel so much

There is no reason, there is no logic to feelings 'Cause when love is the dealer I'm addicted So fascinated, I can't stop this constant craving You're contagious
It's the strangest thing that I can feel so much For someone, somehow

And I cannot hide, even if I try
You mean everything to me
Any fool can see, what you've done to me
You mean everyhing to me
And when you're not her, I jsut cry
And when you're not here, I could die

The best is still to come dear
The best is still to come for us

It's the strangest thing that I can feel so much For someone, somehow

And I cannot hide, even if I try
You mean everything to me
Any fool can see, what you've done to me
You mean everyhing to me
And when you're not her, I jsut cry
And when you're not here, I could die
