

# Great For Us

Anouk

Another yesterday is no more  
Where we should act with courage, not war  
And we could be the one that make it happen  
A better world is closer than before

And this could be great for us  
Great for us  
In this time and place  
Giving will change us  
In a good way

And it's more blessed to give than to receive  
And we have so much more than we need  
The time has come to pay our share  
Just know there is a bigger world out there

And this could be great for us  
Great for us  
In this time and place  
'Cause giving will change us

Try to reach for something almost impossible  
And ask yourself to do more than before  
Once you feel that you can almost reach it  
You may have to stretch it just a little more

And this could be great for us  
Great for us  
In this time and place

Giving will change us  
Change us  
In a good way

Great for us  
Great for us  
In a good way

This could be great for us  
Great for us  
In this time and place
