

Keeps Getting Better

Anouk

Ooh ooh oh oh
Ooh ooh oh oh
Ooh oh
Ooh oh

Rain don't depress me,
For me, they're tears of fire
Feel the warm when they fall against me
and the wind they bring for this time of year
I feel alive, I do not live in fear

We all need to look within ourselves
Find the good inside
'Cause I know that we can only live
If we don't hide and cry!
Everybody gets another try!

Keeps getting better,
Better till the casket drops
(take it day by day)
Keeps getting better,
Better till the casket drops
(don't just look away)
Better better better better
Better better
Ooh oh
Ooh oh
Better better better better
Better better
Ooh oh
Ooh oh

Cold weather don't prove
This world remold
'Cause we can't be here without the cold
Before things are getting better,
The darkness will be bigger
(Just realize) Sometimes the bullet that you take
Is for the one behind the trigger!

Keeps getting better,
Better till the casket drops
(take it day by day)
Keeps getting better,
Better till the casket drops
(don't just look away)
Better better better better
Better better
Ooh oh
Ooh oh
Better better better better
Better better
Ooh oh
Ooh oh

Take it day by day,
Find the good inside!

Don't just look away,
We'll get another try!

You can find the way into your heart!

Keeps getting better,
Better till the casket drops
(take it day by day)
Keeps getting better,
Better till the casket drops
(don't just look away)

It's never, never
It's never too late
Never, for a brand new start
Yeah yeah
It's never too late
Never, for a brand new start
