

## Outrage In 3,2,1

Anouk

She will love no matter what's coming her way  
She don't need nobody else, to hold her ground every day

She's been through the battles  
Learned to stand tall and conquer the storms  
No way she ain't afraid to tell you no, she weathered the norms  
No she don't need nobody else  
She's got it all within herself  
Ey ey ey

She ate and left no crumbs  
Keep screamin' in her face  
Outrage in 3, 2, 1  
She ate and left no crumbs  
Keep screamin' in her face  
Outrage in 3, 2, 1

She walks in the room  
Breaking the mold with nothing to hide  
Between the shadows  
Yeah honey she sure one of a kind  
She don't let nobody stealing her light, or holding her back  
Flinging the truth around until she pissed off people again  
Ey ey

She ate and left no crumbs  
Keep screamin' in her face  
Outrage in 3, 2, 1  
She ate and left no crumbs  
Keep screamin' in her face  
Outrage in 3, 2, 1  
Ey ey ey

Keep screamin' in her face  
Outrage in 3, 2, 1

Keep screamin' in her face
