

Set This Thing On Fire

Anouk

It's been a long time coming
Waited for this moment, we kept on running
Our mothers that have cried
So many of us died
But you and I have made it this far
And we will hold it

When they say no, now we say yes, and ooh
Unafraid and unapologetic we are, ooh
And there we go
When they say right, now we go left, to ooh
Unafraid and unapologetic, we will

Set this thing on fire, oh, oh
Set this thing on fire, oh, oh
Set this thing on fire, oh, oh, oh
On fire, fire

No, we are not afraid anymore
Of what hit might come next
These cards don't add up
When enough is enough
All in all, one by one
We will swap places

When they say no, now we say yes, and ooh
Unafraid and unapologetic, we will

Set this thing on fire, oh, oh
Set this thing on fire, oh, oh
Set this thing on fire, oh, oh, oh
On fire, fire
Set this thing on fire, oh, oh
Set this thing on fire, oh, oh
Set this thing on fire, oh, oh, oh
On fire, fire (Oh)
