

Can we go back to eighteen  
When all that we had was daydreams  
When you were my everything  
We were falling for each other  
Remember in the summer

Driving around, you're not around these days  
Same paper town feels different now and I hate  
Seeing you in every face  
It's a memory that I can't shake  
Where are you now and did you get out this place

Can we go back to eighteen  
When all that we had was daydreams  
When you were my everything  
We were falling for each other  
Remember in the summer of 2013  
Kissing in your backseat  
Listening to the A-Team  
I should've loved you better  
But nothing lasts forever

Driving around, the city is loud these days  
This Hollywood town is bringing me down  
And I've changed  
And you can see it on my face  
It's a feeling that I just can't shake  
Yeah, I don't know how, I gotta get out this place

And oh, it's just a dream I know

Can we go back to eighteen  
When all that we had was daydreams  
When you were my everything  
We were falling for each other  
Remember in the summer of 2013  
Kissing in your backseat  
Listening to the A-Team  
I should've loved you better  
But nothing lasts forever

Oh, it's just a dream I know  
It's just a dream I know  
It's a dream  
It's just a dream  
It's just a dream

Oh, it's just a dream I know  
It's just a dream I know  
It's a dream  
It's just a dream  
It's just a dream
