

## Last Time

Anson Seabra

I moved fifteen blocks away  
'Cus you said you needed space  
But I know that that's not true  
And I know you know it too

They say insanity is trying the same thing  
But expecting something new  
Well we must be insane 'cus we  
Keep trying this  
Expecting to pull through

We're running around again  
Thought that last time was the last time  
It seems like it never ends  
We're caught in a past life, what a sad sight  
I say we're better off as strangers  
Then I drink too much and call  
Now I'm waking up in your bed  
Guess the last time wasn't the last time after all

Now everyone but us  
Can see that this is done  
So why are we like this  
So blind to consequence

They say insanity is trying the same thing  
But expecting something new  
Well we must be insane 'cus we  
Keep trying this  
Expecting to pull through

We're running around again  
Thought that last time was the last time  
It seems like it never ends  
We're caught in a past life, what a sad sight  
I say we're better off as strangers  
Then I drink too much and call  
Now I'm waking up in your bed  
Guess the last time wasn't the last time after all

We're running around again  
Thought that last time was the last time  
It seems like it never ends  
We're caught in a past life, what a sad sight  
I say we're better off as strangers  
Then I drink too much and call  
Now I'm waking up in your bed  
Guess the last time wasn't the last time after all
