We'll be fine

I was gettin' kicked outta class
The whole time I'm playin' 'bout [?] for real if I'ma pass
I mean, I wasn't doing no work, just writin' raps
I was way more concerned with going through my writes and passes, yeah
They ain't understand me, tryna 302 me
Feel like my whole life been in a fight to do me (Whoa)
Where I go now, they didn't know what I was doing
Get congratulations, now the youngins look up to me
Yup, eyes on the prize like the whole time (Ah)
Yup, that's what I was talkin' back in '09 ('09)
Yeah, on my own time, had my own mind
Had to wheel in the driveway, no cosign (Yeah)
All I ever was about was doing what I wanted (Yeah)
But I never did consider the shit that it come with (Mmm)
I guess everybody out here fightin' for their fun (Fun, fun, fun)
[?] forever, just begun

Hellbent, oh, hellbent
Oh, hellbent, oh (Yeah)
Hellbent, oh

I didn't put in time, I tried (Tried)
Kept you locked up in my mind (Mind)
I was too scared to let you [?] ([?])
For you, I put aside my pride (Oh, whoa, whoa)
Maybe that shit is a sign (Oh, whoa, whoa)
Sometimes it hit you from blindsight (Blindsight)
Your vision blinded by the limelight (Yeah, yeah, yeah)
D-D-D-Don't let the [?] fool you (Ooh, I)
I just like to keep it neutral (Yeah)
Know my vibe is gon' seduce you (Yeah, yeah)
She blown away, but she gon' choose to (Ooh)

Hellbent, on it, hellbent, on it
Hellbent, on it
Hellbent on it
