'Fore I had the Bimmer, I was on the Peter Pan (Yeah, yeah)
Dumb bitch tried to fuck me, already know she fucked my man (Yeah, yeah)
Don't know why the boy still talkin', when I slid, he ran (Yeah, yeah)

I ain't ever run from shit but I do run toward them bands
I took the bread from advance, put that shit back for my brand
Yeah, they too accustomed to hate, these boys could never be great
I fell in love with the cake, I fell in love with the cake
I never fold on my bros, that shit is not in my code (Mhm)
I fell in love with the road, I'm sorry, I'm not comin' home (Mhm)
First single just went gold, 500, 000 copies sold
I can't be doing shit rogue, I gotta keep this shit low

You look like you taste like Cinnamon Toast Crunch
I wanna nibble on your body
I'm gon' lick it like my blunt, it remind me of some biscotti
I'm in the stu', I'm pouring up, but it's not lean inside my body
You take one sip up out my cup, you gon' feel it inside your whole body

I'm gon' pull up to your window when it's night time
(Pullin' up to your window, pullin' up to your window)
I'm gon' get you high and fly you through the night sky
(Pullin' up to your window, pullin' up to your window)
I'm gon' pull up to your window when it's night time
(Pullin' up to your window, pullin' up to your window)
I'm gon' get you high and fly you through the night sky
