

Bound

Ant & Dec

I got a message, a message for you
Something that you should have known,
Something that you probably noticed too
What's the secret to which you aspire?
Someone told me one thing,
But someone always likes to hide desire
Bound to make it bound in love,
Bound to fake it, I don't want to give it up

I, I, I, I'm falling inside of you, oh, oh I, I

I got a message nothing is free
Paying me in kisses giving just a little bit back to me
The rest of the story is easy to see,
Give me just a little time and I'll fulfill your fantasy
