

Shout

Ant & Dec

Start screaming just be bold
Everybody likes to see the freaks explode
They always know better than you
But they never really know what to do

The situations like a loaded gun
If you don't wise up you could be the one
Nobody really likes your ways, but hey
Man it doesn't matter anyway

You talk and talk, their minds made up
You beg and pray, the only way they're
Gonna listen today is
Shout, come on let it out (4x)

Still laughing, don't know why, if you
Look outside it'll make you cry
I still think this is one big joke
But there's kids on the street and there getting

Smoked
The news brings you down, hey what can I say
Go and turn it off but there's no getting away
Never paid attention to the man at stake

You better pay attention now
'Cause it's to late
