"If you're there please pick up the phone, I really wanna talk to you
The fact that you're not answering leads me to believe you're either A: not
at home, B: home, but don't want to talk to me, or C—"

Gotta call you back now
Left on read, I don't know what's about to go down
Leave a message at the tone 'cause you're still loud
I'll pretend that we're fine and just chill out
I gotta call you back now
Left on read, I don't know what's about to go down
Leave a message at the tone 'cause you're still loud
I'll pretend that we're fine, so I call you back a second time

I've been up all night, shakin' up a storm
If it keeps on goin', it might take a different form
Where do I turn?
I didn't expect this
But do I feel so disrespected?
Want to go to sleep, but, I'm terrified
Got all these feelings I just wanna keep it high
No, I'm so dark
I stay under these covers
Now that I see your true colors
When you find someone that's so enjoyable, I know that
When you get a chance, it's unavoidable, I know that
Uncovering our flaws
Questioning my trust
Leaving my heart in the dust

So what if I said, I'm a fool for you?
But I didn't wanna waste your time
So what if I said, that I'm on to you?
I knew you were lying the entire time

Gotta call you back now
Left on read, I don't know what's about to go down
Leave a message at the tone 'cause you're still loud
I'll pretend that we're fine and just chill out
I gotta call you back now
Left on read, I don't know what's about to go down
Leave a message at the tone 'cause you're still loud
I'll pretend that we're fine, so I call you back a second time

So what if I said, I'm a fool for you?
And I can't get you out my mind
What if I said, I gave my all to you?
Let's just say, it's how we were, designed

You only lose your mind at night
I saw it with that look in your eyes
'Cause every time you turn off the lights you forget who you are, you forgot
you were mine
So why'd you have to go back to her?
I thought that I would always come first
'Cause I just wanna look at the person I walked into his mess with before I—
Wonder if you're even certain who you are and what you're searching for, I w
ish I had a clue

What you really want to do?

I'm guessing now, I guess we're over

I resent you, we can't start over

Maybe I should just leave you alone

But I go back to the dial tone

Back to the dial tone
