

STATIC

ANTAGONIZER

The softest damage etched in your soul
The quiet terror of losing all your control
I'm chasing rabbits into black holes
I am unraveling into the unknown

Psychotomimetic, it's erratic
Move it, automatic
Push it 'til you get it
Hypersympathetic, so frenetic
Sink into the static
Goddess achromatic, go somatic
Psychotomimetic, it's erratic
Move it, automatic

Psychotomimetic, it's erratic
Move it, automatic
Push it 'til you get it
Hypersympathetic, so frenetic
Sink into the static
Goddess achromatic, go somatic
Psychotomimetic, it's erratic
Move it, automatic

Behind your eyes
I see the load, your heart, unclean
Behind your eyes
I see the reaper's bloody teeth

Psychotomimetic, it's erratic
Move it, automatic
Push it 'til you get it
Hypersympathetic, so frenetic
Sink into the static
Goddess achromatic, go somatic
Psychotomimetic, it's erratic
Move it, automatic
