

# Bad Ting

Anth

Bad ting from the west side  
Touchdown on the red eye  
Yellow cab to my bed side  
Good sex, good weed, hit it all night  
Came through to the guest house  
She like the view from the penthouse  
Tell me what did you expect now  
1 show, 5 O's, getting checks now

I know I can't leave you alone  
I've been so selfish girl I know  
Why don't we make this personal?  
Where did you come from? Yeah

You know you such a bad ting, bad ting  
Oh girl you know you such a bad ting, bad ting  
Girl you know, girl you know, you such a bad ting, bad ting  
Oh girl you know you such a bad ting  
You such a bad ting, bad ting

Woo, man down  
Dress so tight, make a girl stand out  
Lips so fine, number one fan now  
Call in sick, got some new plans now  
Don't give a damn now  
Any time of day  
Name the time and the place I'm on the way  
I can see them curves from a mile away  
I can leave right now, you ain't gotta wait

I know I can't leave you alone  
I've been so selfish girl I know  
Why don't we make this personal?  
Where did you come from? Yeah

You know you such a bad ting, bad ting  
Oh girl you know you such a bad ting, bad ting  
Girl you know, girl you know, you such a bad ting, bad ting  
Oh girl you know you such a bad ting  
You such a bad ting, bad ting

I know I can't leave you alone  
I've been so selfish girl I know  
Why don't we make this personal?  
Where did you come from? Yeah

I guess we've said too much  
I guess we've drank too much  
I guess it's obvious  
That we've been so caught up  
Just know I'm all for you  
No matter what you do  
Cus I'm just so far gone with you

You know you such a bad ting, bad ting  
Oh girl you know you such a bad ting, bad ting  
Girl you know, girl you know, you such a bad ting, bad ting

Oh girl you know you such a bad ting  
You such a bad ting, bad ting
