

# Bank On It

Anth

Yeah, you can bank on it  
You can bank on it  
I'm coming home to you  
Won't take a chance on it  
Yeah, you can bank on it  
You can bank on it  
I'll spend my life with you  
I'm making plans for it, yeah, yeah

It's only been a month, look how you got me  
You told me you don't wanna live without me  
I said it ain't a problem, you can stay with me, and I know  
Everybody saying you should doubt me  
They seeing all the girls I got around me  
But you know that I'm gonna give you all of me

Red bottoms heels, Gucci belt  
That you bought all by yourself  
You're independent as hell  
You don't need nobody else

Yeah, you can bank on it  
You can bank on it  
I'm coming home to you  
Won't take a chance on it  
Yeah, you can bank on it  
You can bank on it  
I'll spend my life with you  
I'm making plans for it, yeah, yeah

Cereal and coffee in the morning  
Even with no make up girl you're gorgeous  
And imma always tell you, cus you're made for me and I know  
Remember all those nights up in your basement  
When we were getting high and getting wasted  
You called in sick to work so you could lay with me

Red bottoms heels, Gucci belt  
That you bought all by yourself  
You're independent as hell  
You don't need nobody else

Yeah, you can bank on it  
You can bank on it  
I'm coming home to you  
Won't take a chance on it  
Yeah, you can bank on it  
You can bank on it  
I'll spend my life with you  
I'm making plans for it, yeah
