

Calling My Phone

Anth

Steady calling my phone
I'da told you before that it's over
Leave me alone
Know it's hurting you to see me gone
Dark clouds, you gonna see me storm
I won't go back (I won't go back)
But trust me you gon' hold that, hold that

You're telling me this and you're telling me that
Said I was the one but I fell for your trap
And I ain't never thought that you would do me like that
Go back to the streets and don't you ever come back, yeah yeah
And I ain't never thought you'd be the one
I always thought that it'd be you to have my daughter and son
But now it's gotta be numb because of all that you've done
But baby, you know karma's gonna come

Now suddenly, you're asking for it back (asking for it back)
Could you tell me where'd you get the nerve? (Get the nerve)
Yeah, you could say you miss all that we had (yeah, yeah)
But I don't really care how bad it hurts (nah, nah, no)
When you broke me first
