

# Can We Please Go Back

Anth

Broken and battered  
Open and shattered  
Since you've been gone, I feel like nothing matters  
Pull out my camera  
I'm looking at ya  
I should've known I was lucky to have ya

Too inconsistent  
Too much is missing  
You told me that you were sick of the distance  
You started bitching  
I wouldn't listen  
Now that you're gone, I just keep reminiscing

I'm rolling with models, I swear they're the baddest  
We start with "hello" then end up on my mattress  
But they only want because of my status  
My money and fame is the thing that attracts them

I know it, I know it, don't think I don't notice  
But my only motive is my heart is broken  
I don't thinking I'm coping with all these emotions  
Just look how I wrote this at 4 in the morning

Is it really the end?  
Now can we please start again  
I can't accept the fact that imma never see you again  
Cus you were more than my girl  
And you were more than my friend  
And you were there even when I wasn't whipping a Benz  
And you were there even when I couldn't pay my rent  
You were there when I only had a couple of cents  
You were there when nobody knew my name yet  
You never wanted my money, you only wanted respect  
And now I'm fucking a chick that I met back in high school  
She's might be cool but she'll never be like you  
I don't know why, I just keep trying to find you  
In every girl that I meet and say hi to  
I love you but I know it's not enough  
I'm just a cheater who's selfish as fuck  
This ain't the man that my momma brought up  
I'm so sorry I messed it all up

Can we please go back to what we were  
Swear I tried my best to make things work  
But it's not enough to erase your hurt  
I deceived you  
Didn't mean to

Can we please go back to when we met  
Before all the mistakes and regrets  
Before all the fights and all the stress  
That I caused you  
Now I lost you

That night in Colombia, 4 in the morn'  
That's the first time that you looked through my phone

You're punching my face and there's blood on the floor  
Screaming and crying and grabbing my throat  
Who are these girls? Who are these hoes?  
You got a bitch every city you go  
ANTH you've been cheating and I didn't know  
While I've been here waiting for you at home  
You grabbed all my clothes, threw it off of the terrace  
Security came, I was fucking embarrassed  
I paid them a \$1000 to say they ain't hear it  
I just didn't wanna ruin my appearance  
And can you believe that we still stayed together?  
After that day we were broken forever  
I knew from that day it would never get better  
How could I ruin it all for some pleasure?  
So yes Isabella I know this is karma  
Just know I loved you the moment I saw ya  
Thought we'd get married and have us a daughter  
You don't know how hard it is not to call ya  
Say bye to your mama  
Say bye to your father  
Say bye to your auntie  
Say bye to your brother  
Don't wanna say this but I gotta  
I know you're better with Robert

Can we please go back to what we were  
Swear I tried my best to make things work  
But it's not enough to erase your hurt  
I deceived you  
Didn't mean to

Can we please go back to when we met  
Before all the mistakes and regrets  
Before all the fights and all the stress  
That I caused you  
Now I lost you
