

Charging Me Up

Anth

Oh baby, it's crazy
How two people can meet and then just
Love and then break free
I didn't think I'd feel like this
But baby, you saved me
And I'll always be grateful
For the love that you gave me
Girl, you know that I will

'Cause baby, yeah, your love is charging me up, up
And my heart is bouncing like jump, jump
Baby, yeah, the way that you move it like bom, bom
Yeah, you always gon' be the one, one

Baby, yeah, your love is charging me up, up
And my heart is bouncing like jump, jump
Baby, yeah, the way that you move it like bom, bom
Yeah, you always gon' be the one, one, yeah

Yeah
Okay
You the one, you the one
I can never lie
And yeah, the way that I feel
No, I can't deny
And girl, we got that kinda love we can't minimize
Girl, you know I gotta know
How you feel inside
You
Girl, it's you
Been around the world
Ain't no one like you
That's so true
Stuck on you
As long as you're here
Baby, I can't lose
Yeah, I swear I won't leave you broken hearted
Anything that you want, I got it
Loved you from the moment we started
No, that won't change

'Cause baby, yeah, your love is charging me up, up
And my heart is bouncing like jump, jump
Baby, yeah, the way that you move it like bom, bom
Yeah, you always gon' be the one, one

Baby, yeah, your love is charging me up, up
And my heart is bouncing like jump, jump
Baby, yeah, the way that you move it like bom, bom
Yeah, you always gon' be the one, one, yeah
