

## Exchange

Anth

This what happen when I think about you  
I get in my feelings, yeah  
I start reminiscing, yeah  
Next time around, fuck I want it to be different, yeah  
Waiting for a sign, guess it's time for a different prayer  
Lord please save her for me, do this one favor for me  
I had to change my player ways, got way too complicated for me  
I hope she's waiting for me  
Everywhere she go, they playin' my song  
That's why I say the things that I say that way I know you can't ignore me  
But so, so

So gimme all of you in exchange for me  
Just give me all of you in exchange for me, for me  
Break it down

And sometimes I still blame you  
And sometimes I still love you  
And sometimes I still hate you  
And sometimes I feel like the woman you've become just ain't you  
A one I can't relate to  
Maybe I should just replace you  
But  
That's easier said than done  
It even harder when I still think that you are the one  
It even harder when I still think you're the only one  
And even harder when I thought that you would have my son  
But  
Now you just don't give a fuck  
Now you just don't give a damn  
Now you've got a different life  
Now you've got a different man  
Guess I didn't mean enough  
To be a part of your plans  
How could you move on that quick  
That what I can't understand  
I wish I could do that too  
I wish I was over you  
Cuz now every girl I fuck  
I'm just wishing she was you  
I know I should be ashamed  
But lately I ain't the same  
Just look at what I became  
I can not cope with the pain  
I would've give back all this cash  
I would've give back all this fame  
If I could have one more night  
Back before everything changed  
Back when we were both the same  
Back when everything was better  
Cuz ain't it crazy how forever can turn into never  
Yeah

So gimme all of you in exchange for me  
Just give me all of you in exchange for me, for me
