

Falling Down

Anth

Come on, let's watch the rain as it's falling down
Sunlight on your skin when I'm not around

They say love ain't nothing but a dream
Last time I heard that shit I was a teen
Then I met a girl who was bad as she could be
Working full time just to pay for her degree
I was just a young rapper coming up on the scene
Little did I know she was everything that I need
Little did I know I was just too young and naive
'Cause I ain't ever think she'd put another man over me
Damn, can't leave this box I'm in
With a rope 'round my neck, I need oxygen
Fuck that, I need weed and a lot of gin
And some change for a dollar, this don't make no sense
'Cause you say it's love then say it's done
Then you, say it's real but not enough
You forgot about how good it was
I forget about you, won't forget about us

Come on, let's watch the rain as it's falling down
Sunlight on your skin when I'm not around
Shit don't feel the same when you're out of town
So come, let's watch the rain as it's falling down

Yeah, what do you want from me?
Can't eat, can't sleep, look what you done to me
Too young, too dumb, you was the one for me
Too numb, too drunk, but a gun to me (blaah)
I know it well, know it well
Sometimes to get to heaven Fresh you gotta go through hell
And why is it I'm always honest, but not to myself
I'm out my mind while you out fucking someone else
Well, ain't that a female dog
Even with a GPS, God I still feel lost
Even with a signal, I can't message across
Every love ain't the same, but they all leave a scar (damn)

Come on, let's watch the rain as it's falling down
Sunlight on your skin when I'm not around
Shit don't feel the same when you're out of town
So come, let's watch the rain as it's falling down

Mmm, baby, I don't understand this
You're changing, I can't stand it
My heart can't take this damage
And the way I feel, can't stand it
Mmm, baby, I don't understand it
