

# I Love It

Anth

They got cars, they got cash, they got anything you ask, but baby they got nothing on you  
Trips to Rome, to Bel-Air, they could take me anywhere, but I wanna get closer to you

I love it (I love, love it)  
I love it (I love, love it)  
But baby they got nothing on you  
I love it (I love, love it)  
I love it (I love, love it)  
But I wanna get closer to you

I'm such a savage, that's why them rappers be scared  
And you the baddest, rockin' fox furs with curves  
And I'm an addict, so addicted to you girl  
So go and tell your girlfriends that they can all get a turn  
Baby, I'm joking, if you're drinking girl then I'm pouring  
I got a thing for you, I got things to do, but for you my schedule open  
So if you love it girl then come show it  
Because if I want it girl then I'll own it  
And we can do this thing 'til the morning, ha, get it? get it?  
moaning

Let's take it back to the basics, tonight you my favorite  
Chanel for the fragrance, so close I can taste it  
Wanna be your latest, do it big like A-list  
Be your Mercedes, and you can drive me crazy  
But I can't wait to get you alone, back to a place that I call  
my own  
The night still young and our bodies grown, so c'mon baby girl  
let's do what we want  
'Cus baby girl you, are someone I need  
And I know, the best things are free  
So let's go, mami ven aqui  
'Cus I know that "no" means "si"  
I love it girl
