

## Like Me

Anth

Do you think of me?  
Now that you're laying up in his arms  
Do you think of me?  
When you tell everybody that he's the one  
Do you disagree?  
Girl, you know that he ain't the one that you love  
Girl, you know that's me  
And I'll always be the one that you want

So baby you can find another  
That's gonna love ya  
But he won't love ya like me  
Baby I can put that on my mother  
There ain't no other  
That's gonna love you like me  
And baby they can give you all of their love  
But you know it's never gon' be enough  
So baby when you find another  
That's gonna love ya  
He'll never love you like me  
Not like me

You can tell him that we're done  
You can say that he's the one  
You can act like you don't miss me right now  
But you gotta play the part  
Cover up that broken heart  
All you want is to be with me right now  
And believe me girl  
I still need you girl  
I try to act so big and bad and say I moved on  
But believe me girl  
I don't mean it girl  
I swear my life just hasn't been the same with you gone  
Said goodbye  
Still check your page every night  
Even when she's by my side  
Sick and tired of living a lie

So baby you can find another  
That's gonna love ya  
But he won't love ya like me  
Baby I can put that on my mother  
There ain't no other  
That's gonna love you like me  
And baby they can give you all of their love  
But you know it's never gon' be enough  
So baby when you find another  
That's gonna love ya  
He'll never love you like me  
Not like me
