

# Nobody Else But You

Anth

I drank too much  
In my LA apartment  
So drunk and broken hearted  
Thinking 'bout you

Got me fucked up  
That last time in the hotel  
All of those texts and e-mails  
What did you do?

I don't know what imma do  
I just wanna be with you  
Different women coming through  
Tell the lobby 102  
And we saying the same thing every time  
But you're still what's on my mind

Said she dropping out of school  
And she just turned 22  
Singer but she model too  
Doesn't give it up too soon  
Doesn't matter, they always stay the night  
But something don't feel right  
Feel right

I don't need  
I don't need  
I don't need  
I don't need  
Nobody else but you

'Cus I've been out with AZ  
Parties on the daily  
I've been telling Macy  
She say that I'm crazy

Pictures on your Snapchat  
Thought you weren't about that  
You were such a good girl  
Now I fucking doubt that

You told me that you loved me but you didn't mean that  
I gave you all my trust and then you threw it right back  
Told too many lies, I guess you couldn't keep track  
I know I wasn't perfect but you didn't have to do me like that  
But you  
Girl but you  
Always were too good to be true  
But I can't even lie, you know I still miss you  
I still miss you

I don't need  
I don't need  
I don't need  
I don't need  
Nobody else but you
